The book study period from the end of the Qing to the 1920s. Summary civil rights and Guoquan two basic issues of political change in modern China. and also the pursuit of political modernization. Due to the invasion of the West. modern loss of independent status as a sovereign state. making the building of a modern nation-state rather than the traditional world state task has become particularly urgent. In order to build an independent. prosperous country. people began to fight for the country right course. In this process. people come to realize that a sovereign right of the nation and civil rights are inseparable. Western countries are powerful because people strong. So. from our sovereignty and trace the indisputable civil rights. States rights and civil rights became two basic issues in the recent political changes in China. and also directly or indirectly affect the generation of the occurrence of major political events in modern Chinese history and political thought. Federalism as a means to deal with a...
