Seminar paper from the year 2011 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 1, 3, Martin Luther University (Institut fr Anglistik und Amerikanistik), course: Women in 18th and 19th Century Britain, language: English, abstract: Let your children be brought up together; let their sports and studies be the same; let them enjoy, in the constant presence of those who are set over them, all that freedom which innocence renders harmless, and in which Nature rejoices. (MACAULAY 1790: 32) Eighteenth Century England was a time in which women had little to say in society. They did not have the right to vote, they were not allowed to own properties, when married and as the husband was the chief breadwinner, they were not supposed to work. As they could not leave the house alone without being considered a prostitute, they were confined to the home where they would have to take care of the children and the household, a subordinate role . . . in society (AUGUSTIN 2005: 2). As a consequence, as girls did not need to go to school...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
